## Senior Resource/Geotechnical Engineer

Based out of our Saskatoon office and reporting to the General Manager of the Kiggavik Project, this position is responsible for geotechnical and hydrogeological field investigation planning and supervision. Key responsibilities include the preparation of engineering designs, cost estimates and construction schedules. This individual will also be involved in resource geology, ore body interpretation and modeling, and collaborating with the mine engineering group to co-ordinate, supervise and interpret delineation drilling. Additional responsibilities include the preparation of technical documents and presentations, monitoring the services of external contractors and ensuring that schedules, budgets and quality objectives are met.

The successful candidate will have a university degree in Geology, Geotechnical Engineering, Civil Engineering, or a related discipline and a minimum of five years of experience in engineering or construction. Strong interpersonal, teamwork and project management skills are required. Experience with mine planning codes and permafrost site investigations would be an asset.

This position involves travel to the mine and mill sites.

## Logistics Assistant

Based out of our Saskatoon office and reporting to the Superintendent of Logistics, this position will be responsible for the processing and preparation of accurate and complete shipping documents, mail, and freight, in accordance with industry practice. Shipping and receiving duties will include the inspection and verification of incoming goods against carrier delivery bills, in addition to local pick-up and delivery of parts, materials, bank deposits, and other goods consigned to the Saskatoon office.

The successful candidate will have a Grade 12 diploma or GED with five years of experience in freight forwarding, transportation or warehousing. In addition to possessing strong computer skills, this individual must be able to successfully obtain Federal Security Clearance and Transport Canada's Airside Driver's License and Fork Truck Operators test. The ability to perform heavy lifting is required.

Qualified applicants are to submit their resume, referencing which job they are applying for, by July 27, 2007, to:

**AREVA Resources Canada Inc.**

Fax (306) 343-4656

### Instrumentation Technician

Based at our McClean Lake site, the Instrumentation Technician will be responsible for specifying, installing, programming, trouble-shooting, de-bugging and repairing mill process measurement and control instrumentation.

As the successful candidate, you will be a graduate of a two-year instrumentation technology program. Preference will be given to those applicants who possess journeyman certification along with three years of industrial maintenance experience. You are a team player and have a solid working knowledge of DCS systems, PLCs, SMART field devices and Windows based application software. Fisher-Rosemount, PROVOX and Modicon PLC experience is an asset.

### Journeyman Heavy Duty Mechanic

Based at our McClean Lake Operation, the Heavy Duty Mechanic is responsible for the repair and maintenance of heavy duty mining equipment including Euclid and Cat haul trucks, O&K hydraulic shovels, Cat loaders, dozers and graders, and Hitachi backhoes.

The successful candidate will possess their interprovincial journeyman heavy duty mechanic certification, along with at least five years of experience. Applicants should also have a full line of good quality hand tools. The ability to work shift work with minimal supervision is required.

**McClean Lake is located 750 km northeast of Saskatoon and operates on a fly-in, seven-day-in/seven-day-out rotating schedule.**

Qualified applicants are to submit their resume, referencing which job they are applying for, by July 27, 2007, to:

 **CITY OF YELLOWKNIFE**  
*Equipment Operator II*

The City of Yellowknife is currently seeking a qualified individual to assume the position of Equipment Operator II for the Roads & Sidewalks Division.

Under the supervision of the Assistant Superintendent, the Equipment Operator II operates primarily a road grader and excavator (backhoe) and other mechanical equipment. This includes operating a diesel powered road grader to maintain gravel road surfaces in a smooth and drivable condition, operating an excavator to aid in repairs of waterlines and other excavations as required, ploughing ice and snow during the winter months and servicing the equipment. The incumbent also performs manual duties related to Roads & Sidewalks operations and construction and will be required to work shift work during the winter season.

The work requires a valid Class I Driver's Licence with air brake endorsement and manual transmission and at least two years of relevant experience. Preference will be given to applicants with a Journeyman Certificate in Heavy Equipment Operation and a demonstrated ability to operate a grader and excavator.

The salary range is \$49,167.85 - \$60,310.34 with an additional \$5,400.00 annually for Housing and Vacation Travel Allowances and a comprehensive benefits package.

Submit resumes in confidence no later than 4:30 p.m., Tuesday, August 7, 2007, quoting competition #902-144U to:

**Human Resources Division**  
City of Yellowknife  
P.O. Box 580, Yellowknife, NT, X1A 2N4  
Email: [hr@yellowknife.ca](mailto:hr@yellowknife.ca)

We thank all applicants who apply, but advise that only those to be interviewed will be contacted. Personal information submitted will be used for the purpose of this competition only.

### EMPLOYMENT OPPORTUNITY

WE ARE LOOKING for you! Nabors Production Services offers a wide variety of services including service rigs, testing units and swab rigs. We have offices located in Brooks, Lloydminster, Sylvan Lake, Leduc (Drayton Valley), Slave Lake, Grande Prairie (Fort St. John). We are looking for qualified individuals residing within the surrounding area of our districts or those who are looking for a new opportunity and are willing to relocate. We have the following opportunities available: Service Rig Personnel with a minimum of 6 months experience (Rig Managers, Driller, Derrickhands, Floorhands) within all of our locations. Experienced Production Testing Supervisors and Operators based in Grande Prairie and surrounding area. Experience Swab Rig Operators and Assistants within all our locations. Minimum Requirements: Valid H2S Alive certificate; Standard 1st Aid ticket; valid drivers licence and current drivers abstract. All qualified candidates will be required to successfully complete our pre-employment screening process. If you would like to become part of the Nabors team, please submit a resume along with copies of your tickets and drivers abstract to the, Attention of Human Resources by fax 403-887-3050 or by email to: [kim.sinclair@nabors.com](mailto:kim.sinclair@nabors.com). In order for us to process the applications in a timely manner, please state which field you are interested in (ie. service rigs, swab rigs or testing) and which district you are interested in working out of.

OILFIED TRUCKING company Provost, AB requires picker truck operators, winch truck drivers, swamper laborers and dispatcher. Full benefits and bonus package. Fax resume to (780)-753-4860.
