**CAREER OPPORTUNITY - Mechanical Engineer**

We are an open pit coal mine in the southeast of Saskatchewan and are looking for a Mechanical Engineer. Excellent computer skills are a must. Effective communication skills and the ability to respond to the needs of the mines in a timely and flexible manner are essential.

We offer an attractive compensation and benefits package with opportunities for career development. Qualified candidates are invited to forward a resume, in strictest confidence, by May 31, 2007 to:

Human Resources Manager  
 Prairie Mines & Royalty Ltd.  
 Boundary Dam Mine / Bienfait Mine  
 Box 3000, Estevan, SK S4A 2W2  
 Fax (306) 634-7058  
 Email: squirk@prairiemines.com

**The City of Weyburn is seeking a BUILDING INSPECTOR**

This employee is involved in the sale of land, provides the public with general and technical information relating to Building Department services, reviews residential development proposals for Zoning Bylaw and U.B.A.S. Act conformity, issues project approvals, performs on-site compliance inspections, inspects existing residential buildings, respecting safety, nuisance, and maintenance issues, issues inspection reports, and is involved with enforcement activities which may involve prosecution and court appearances.

This permanent full time out-of-scope position reports to the Manager of Community Services. The ideal candidate will possess: a two (2) year diploma in Building Construction Technology or a diploma in Architectural Technology or acceptable educational equivalent: problem analysis skills, conflict resolution skills, an ability to collect and give evidence, an ability to deal successfully with the general public in potentially stressful or confrontational settings, be dedicated to ethical conduct and to the provision of above average client service, computer skills, and will hold a Building Officials Class I or Class II License. Applicants must possess a valid driver license. The successful applicant will undertake to progress to Class III Building Official licensing in a diligent fashion.

The City of Weyburn offers a competitive benefit package, a rewarding and supportive work environment, and a salary commensurate with experience. Additional details can be obtained from, and resumes directed by May 18, 2007 to: City of Weyburn  
 Attention: Doug Mulhall, Manager of Community Services  
 Box 370, Weyburn, SK S4H 2K6  
 Phone (306)848-3226, Fax (306)842-2001,  
 e-mail dmulhall@weyburn.ca

 or fax your resume to (780) 466-0798:

Diavik Diamond Mines Inc., as part of the global mining group Rio Tinto, operates a world-class diamond mine 300 kms northeast of the capital city, Yellowknife, in Canada's Northwest Territories. We are Canada's premier diamond producer with state-of-the art facilities. We strive for Business Improvement to contribute value to our investors and are a leader in Safety Awareness, Sustainable Development, Environmental Stewardship, Aboriginal Relations and Community Benefits.

**Geotechnical Engineer**

**Readvertised**

**(Competition #TECGET0705)**

Reporting to the Senior Geotechnical Engineer, the Geotechnical Engineer will be working at the Lac de Gras mine site on a two (2) weeks on/two (2) weeks off rotation basis. The Geotechnical Engineer is responsible for providing geotechnical and hydrogeological technical support to ensure the safety and stability of existing and proposed open pits, underground excavations, water retention dikes and collection ponds.

The Geotechnical Engineer will be responsible for, but not limited to:

- Inspecting open pits, dikes, dams, underground excavations and critical infrastructure;
- Analyzing relevant data to ascertain stability and initiate actions to stabilize;
- Coordinating a geotechnical monitoring program to ensure instrumentation and systems are relevant, functional and properly maintained;
- Complying with and promoting a positive 'safety culture' that supports Rio Tinto and Diavik Health, Safety and Environmental standards;
- Building effective relationships with engineers, operational crews and consultants;
- Providing geotechnical support to mine operation groups to ensure an understanding of geotechnical hazards and design requirements; and
- Ensuring that geotechnical projects are completed efficiently and effectively.

The successful candidates will have a Bachelor's degree in civil, geological or mining engineering along with a minimum of three (3) years experience in a related field. Candidates are required to demonstrate an understanding of geomechanical failure modes, monitoring methods, monitoring practices and related data analysis. The successful candidates must have the ability to take initiative and work independently in a results-oriented environment, and be eligible for registration with NAPEGG.

**Mine Technician**

**(Competition #TECMTE0704)**

Reporting to the Mine Engineer, the Mine Technician will be working at the Lac de Gras mine site on a two (2) weeks in/two (2) weeks out rotation basis. The Mine Technician is responsible for providing technical support in the areas of mine planning, field control (surveying), stability monitoring, and to other engineering projects as required to ensure that DDMI's operations are well served.

The Mine Technician will be responsible for, but not limited to:

- Providing assistance to the Pit Engineer on aspects of mine and dump planning, such as drill/blast pattern layouts, volume estimates, map updates and other drafting tasks;
- Providing assistance and back-up to surveyors as required to prepare layout information, reduce/edit/plot survey data and prepare and update maps;
- Providing support when required to the Geotechnical Engineer and Geotechnician in the areas of data management and graphics/ drafting;
- Assisting in production reporting and checking, undertaking studies based on such data as directed and preparing reports in an accurate and timely manner; and
- Assisting other engineering staff on projects, including design, drafting, data analysis and/or fieldwork.

Successful applicants will have a diploma in a relevant field such as engineering technology, preferably in mining, surveying, geotechnical or civil engineering. A Certified Engineering Technologist (C.E.T.) designation with five (5) or more years of open-pit mining experience, with direct involvement in surveying, mine planning, open-pit field practices, is preferred.

**Lab Technician**

**(Competition #ORELAT0705)**

Reporting to the Senior Metallurgical Lab Technician, the Lab Technician will be working at the Lac de Gras mine site on a two (2) weeks in/two (2) weeks out rotation basis. The Lab Technician will be responsible for collecting and processing metallurgical samples and recording/reporting results to provide data required to sustain efficient operation of the process plant.

The Lab Technician will be responsible for, but not limited to:

- Collecting daily process samples from conveyors, screens and pump boxes;
- Performing basic laboratory analysis of the daily process samples, including moisture analysis, particle size analysis, magnetic separation;
- Maintaining accurate records of laboratory results, entering results into a database, printing related reports, checking results for and resolving discrepancies;
- Submitting accurate reports before the end of each shift; and
- Assisting in operational and maintenance duties as directed.

Successful applicants will have a college or technical institute diploma in a relevant field of study as well as at least one (1) year of experience as a Laboratory Technician in a mineral laboratory.

Diavik Diamond Mines Inc. is a progressive, equal opportunity employer and offers a competitive compensation package, including relocation assistance to the Northwest Territories, good career growth prospects and the opportunity to make a significant contribution to Canada's diamond industry. Northern residency and experience working in a cross-cultural environment, coupled with knowledge of the unique challenges and opportunities presented to those living in the North, are assets.

If these positions interest you and you have the experience and qualifications we are looking for, please submit an on-line application, quoting the competition number, no later than **May 22, 2007**, to:

[www.diavik.ca](http://www.diavik.ca)

We wish to thank all applicants for their interest and effort in applying for the position, however, only candidates selected for interviews will be contacted.

**Enterra** ENERGY TRUST

ENTERRA ENERGY TRUST is an oil and gas trust based in Calgary, Alberta. We acquire, operate and exploit petroleum and natural gas assets principally in Western Canada and in the State of Oklahoma. As a result of a corporate acquisition, we are expanding our presence in western Saskatchewan and developing it into a core area. We currently have an opening for the position of:

**PRODUCTION FOREMAN**

Reporting to the Operations Manager, you will be responsible for the safe and efficient operation of the West Saskatchewan field. A hands-on leader with a proven track record, you have over ten years oil and gas operating experience, at least five years of which include directly managing heavy oil assets and facilities. This position is based in the Provost/Macklin area.

**RESPONSIBILITIES WILL INCLUDE:**

- Identifying and performing required preventive and corrective maintenance on various types of equipment to ensure safe and efficient operations.
- Maintaining strong communications with Area Team and Operations Manager.
- Overseeing field activities to ensure that business, environmental, health, safety and compliance standards are met.
- Participating in HS&E programs including incident investigations, safety and foremen meetings.

**QUALIFICATIONS:**

- Good working knowledge of oil and gas field operations emphasizing heavy oil operations.
- Strong mechanical background in progressive cavity pumping systems.
- Knowledge and experience in natural gas production is an asset.
- Must possess a valid driver's license.
- Proficient computer skills, including Microsoft Outlook, Excel and Word.
- Good oral and written communication skills and effective interpersonal skills.
- Assertive in problem-solving and decision-making.
- Self motivated, team player.
- Strong organizational and planning skills.

Remuneration for this position will include a competitive salary, annual bonus, unit compensation and health benefits.

**EXPORT/DISTRIBUTOR SALES**

Manufacturer of agricultural and light industrial material handling equipment (see [www.leonsmfg.com](http://www.leonsmfg.com) and [www.ramrodequip.com](http://www.ramrodequip.com)) requires an enthusiastic individual for **Export and Distributor Sales**.

Based in Yorkton, SK, this key member of the Sales Team is responsible for managing existing customer relationships, pursuing incoming sales leads, and cold calling on potential accounts throughout North America and the World to turn opportunities into business relationships that will achieve sales targets. Activities will include, but are not limited to, sourcing leads, order taking, sales prospecting and distributor development, shipping coordination, service support, market and competitive analysis, and coordination and participation in industry trade shows. This opportunity is well suited for recent graduates in Commerce, Business Administration, Sales, Marketing (or related fields), or for individuals seeking challenging new employment in a sales environment.

The ideal candidate will possess a strong interest in pursuing a marketing and sales career on an international scale. A positive attitude, and a willingness and ability to work in a fast paced environment where many details must be thoroughly managed on a timely basis to achieve results is critical, as this individual will operate independently to achieve specific Company sales goals.

Prior related exposure to agricultural/material handling equipment and experience in equipment sales/marketing activities is beneficial, but training will be provided to the right individual with a keen competitive spirit, high energy level, and drive for results. Applicants must have excellent oral and written communication skills. A working knowledge of computers and common office software is also required. Send resume highlighting interest to:

Leon's Mfg. Company Inc.  
P.O. Box 5002; 135 York Road East,  
Yorkton, Saskatchewan S3N 3Z4  
F: (306) 782-1884 E: [humanresources@leonsmfg.com](mailto:humanresources@leonsmfg.com)
